Reliable Controls Releases MACH-ProView™ LCD

Reliable Controls is pleased to announce the release of the MACH-ProView LCD controller.

Victoria, BC, Canada – Reliable Controls is pleased to announce the release of the MACH-ProView LCD controller, a powerful and elegant BACnet® building controller (B-BC) and BACnet operator display (B-OD), which provides a plenitude of attractive, high-resolution, graphical interfaces for your controlled environment.

Providing an attractive array of interfaces to engage occupants of smart and green buildings, the MACH-ProView LCD features a fully customizable LCD touch screen. This freely programmable controller resides on Ethernet, Power Over Ethernet (POE), Wi-Fi, or EIA-485 networks. With the MACH-ProView LCD, users can access, configure, and control the comfort and energy performance of any space.

Features include:
- Full color 480 X 272 Thin Film Transistor (TFT) active matrix, Wide Quarter VGA (WQVGA), 16:9 aspect display with 3mm optically bonded glass overlay
- Projective Capacitive Touch Interface (PCAP)
- Available with one primary network MS/TP, POE, Ethernet, or Wi-Fi
- Router models provide a physical RS-485 network (AUX-Net) that can be configured as IO-Net, Modbus RTU, or MS/TP
- Options for Occupancy, Humidity, and CO_2
- Can be configured to display SPACEview, LISTview, and STATview, as well as Schedules, Alarms, and Runtime Reports

- Provides controls functionality to meet or exceed the BACnet Building Controller (B-BC) specification
- Has several mounting options, dual-gang, 4X4, 4 11/16, and directly to any surface
- Offers six outputs, four outputs can be configured to be analog 12 VDC at 75 mA. All six outputs can be configured as solid state relays that switch 24 VAC/DC 0.5A
- SMART-Net can connect up to four SMART-Sensor™ devices
- Buzzer for audible alarm notifications
- Multi-language support for English, French, German, Italian, Spanish, Portuguese, and Chinese
- Real-time clock with back up
- myControl mobile app views include SPACEview, LISTview, and STATview readily available to the myControl® app with no additional programming

Backed by an industry-recognized, 5-year warranty and a worldwide network of certified Authorized Dealers, the MACH-ProView LCD empowers you to easily monitor and control your building's performance.
