

New regional sales manager Casey Crown to represent Reliable Controls in California

Victoria, BC, Canada—Reliable Controls is excited to announce Casey Crown as regional sales manager for California. Casey is responsible for empowering Reliable Controls Authorized Dealers across the state to succeed in their commitment to business excellence in the building controls industry.

Casey has an impressive career in building automation, beginning at Siemens in Anchorage, Alaska, and most recently as a project manager at Sunbelt Controls in Idaho. Her experience gives her a comprehensive understanding of Reliable Controls products, customers, and experiences that will help her champion Authorized Dealers in California.

Casey enjoys serving her community and spending time outdoors with her family. She's eager to share her passions for both the technical and people sides of the controls industry.

"We couldn't be happier to have Casey join our sales team," said Al McElhone, vice president of sales for the Americas at Reliable Controls. "Our Authorized Dealers in California will enjoy Casey's expertise and support."

Reliable Controls is a worldwide leader in building automation and controls, with over 240 factory-certified partners in more than 45 countries and a LEED Platinum-certified office and manufacturing facility in Victoria, Canada.
