

PRESS RELEASE

September 29, 2020

Reliable Controls releases the MACH-ProView™ Panel Mount Kit

Victoria, BC, Canada – You can now order the Reliable Controls MACH-ProView Panel Mount Kit, an accessory that allows you to integrate a MACH-ProView controller in a flush-mounted application. The MACH-ProView Panel Mount Kit provides a simple way to install your touchscreen controller on the door of a control cabinet and affords a higher level of environmental protection than the MACH-ProView alone.

Features

- Seamlessly integrates with MACH-ProView controllers
- Includes a vinyl mounting template to protect against scratches and provide error-free installation
- Ideal for use with metal control cabinets
- Durable, aesthetically pleasing faceplate
- Constructed from cold-rolled steel and finished with a high-quality powder coat

All Reliable Controls products are backed by our industry-recognized 5-year warranty and a worldwide network of certified Authorized Dealers. Integrate the MACH-ProView Panel Mount Kit into your next build to simply and seamlessly elevate the look and feel of the MACH-ProView controller and take your control cabinets to the next level.
